## Install VTE Application Software:

Your course may require VTE (Virtual Training Environment) application software such as LearnCNC, Machinist Calc Pro or other software products. Before installation, review the minimum computer requirements.

To install, follow the steps below:

1. Log into your computer with administrative permission
2. Open a supported browser window.
3. Log in at [www.immerse2learn.com/login](http://www.immerse2learn.com/login) or custom web address provided.
4. From the top of the Home page, on the **Course Tools** Pull-down, select the '**Downloads**' link.

5. Expand the desired download folder (i.e. LearnCNC, LearnCALC, etc.)
6. Select the software download button. 

7. Select 'Run'. 

8. Follow the installation instructions.

Once the installation is complete, close your browser window.

Note: If you do not have administrative privileges on your computer or your system does not meet the minimum configuration, the installation process may stop or it will not complete successfully.

9. When the installation is complete, a shortcut will appear on your desktop and/or program/application menu.

## 10. You MUST Click the shortcut to log in and access the VTE Application (Virtual CNC, etc.).
